One of the guidelines used for selection for this scholarship is character. How have you demonstrated superior character through high school? This could include leadership, citizenship, assisting others, etc.

It is the wish of Mrs. Fellers that this scholarship be used to attend a college or vo-tech in Kansas to pursue any avenue of study except liberal and fine arts. What course of study do you plan to enroll in? Why did you select it?

Financial need is another guideline for selection for this scholarship. Explain your financial situation as it applies to financing college. Do you expect to receive other forms of financial aid or scholarship? If so, give details.

What are your future plans?
